EDUCATION

Degree/Certificate	Institute/Board	CGPA/Percentage	Year
B.Tech. (EE)	Indian Institute of Technology Jodhpur	6.71	2022 - 2026
Senior Secondary (XII)	Kendriya Vidyalaya, CBSE Board	94.6%	2021
Secondary(X)	Kendriya Vidyalaya, CBSE Board	91%	2019

EXPERIENCE

- Indian Institute of Technology, Bombay** May 2025 – July 2025
Study of Spintronic materials Mumbai, India
 - Conducted a computational study of spintronic materials at IIT Bombay, analyzing key properties such as band structure, density of states, and spin polarization to understand their suitability for device applications.
 - Used simulation and data analysis tools (e.g., Full Proof Suite and related computational methods) to model material behavior and compare results with existing literature for validation.

PROJECTS

- Pizza Sales Analysis Dashboard** June 2026
SQL, Power BI, DAX, Data Analysis GitHub
 - Analyzed pizza sales data using SQL to evaluate revenue performance, customer ordering patterns, and product-level trends, generating actionable insights from over 21K customer orders.
 - Developed an interactive Power BI dashboard featuring KPI tracking, revenue analysis by category and size, top-performing products, and sales trend visualizations to support data-driven business decision-making.
- AI Adoption Roadmap Tool for Streaming Platforms** August 2025 - November 2025
B.Tech. Project | Python, Streamlit, Machine Learning GitHub
 - Designed an AI adoption roadmap tool to help streaming platforms prioritize AI initiatives based on budget, effort, and business impact, enabling data-driven decision-making for technology investments.
 - Developed scoring models for effort, cost, impact, and priority, and visualized recommendations through an interactive Streamlit dashboard to improve interpretability and stakeholder usability.
- Case Study Project in Finlatics** June 2024 - August 2024
Self Learning Project | Python, Pandas, Scikit-learn
 - Performed exploratory data analysis and applied regression and clustering techniques to extract insights from real-world datasets, focusing on trend identification, feature relationships, and data-driven conclusions.

COURSE WORK

- Data Structures and Algorithms, Machine Learning, Artificial Intelligence, Embedded Systems, Communication Systems, Data Communication Network, Digital Signal Processing, Digital Design, Circuit Theory, Signals and Systems, Probability Statistics and Stochastic Processes, Computer Architecture, Entrepreneurial Experience.

TECHNICAL SKILLS

- Programming Languages:** C, C++, Python, MATLAB, SQL.
- Data Analysis & ML:** Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn, EDA, Data Cleaning and Wrangling, Statistical Analysis, Feature Engineering, Regression and Classification Models.
- Database and Spreadsheets:** MySQL, SQL (Joins, Subqueries, Window Functions), Advanced Excel (VLOOKUP/XLOOKUP, Pivot Tables, Conditional Formatting), Power BI.
- Developer Tools:** Git, GitHub, VSCode, Cursor, Google Colab, Streamlit, Windows.
- AI & Productivity Tools:** ChatGPT, Claude, Quadratic AI, GitHub CoPilot(VS Code).

ACHIEVEMENTS

- KV Regional Aquatics Championship:** Won Gold, Silver & Bronze medals across multiple swim events.
- Inter-IIT Aquatics Meet** Represented **IIT Jodhpur**, competing against **23 IITs**
- Sangam Music Club** Core Team Member organized and coordinated events at IIT Jodhpur's official music club.
- Maths & Science Olympiads** Participated in school-level Mathematics and Science Olympiads.
- JEE Advanced:** Secured All India Rank **11070** among 200,000+ candidates. 2022

POSITIONS OF RESPONSIBILITY

- Event Coordinator(Head),** Varchas, Ignus & Sandstone Fests, IIT Jodhpur 2023 – 2024
- Team Captain,** Led IIT Jodhpur's swimming team against **23 IITs** 2024
